

An invitation

The Galapagos Islands are a place of inspiration. Wild, remote and other-wordly, they invite us to burst the bubble of our urban lives, to immerse ourselves in a very raw, very real natural world, away from our screens and scrolling.

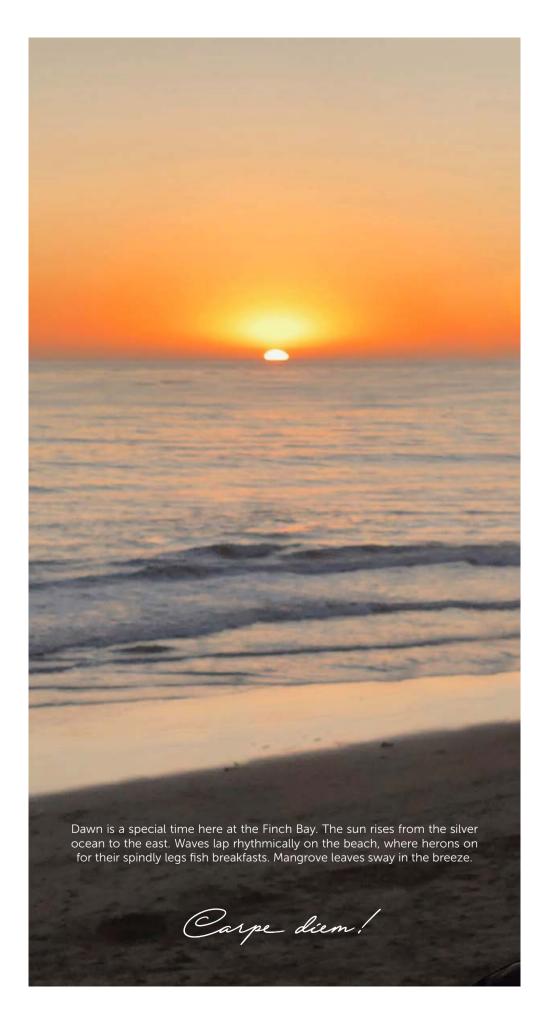

Our Finch Bay Spa was designed to help you do just that: to disconnect to reconnect. Our selected treatments are crafted to soothe both the body and the mind, helping you to feel that much closer to the essence of these volcanic, life-affirming islands and their creatures.

Wander over to our secluded and peaceful spa, enjoy a treatment, sink into the hot tubs, work out at the gym, or practice some yoga or meditation in the upstairs room with its sparkling ocean views...

The Galapagos invite us to see the world anew.

We invite you to heed their call and be well.

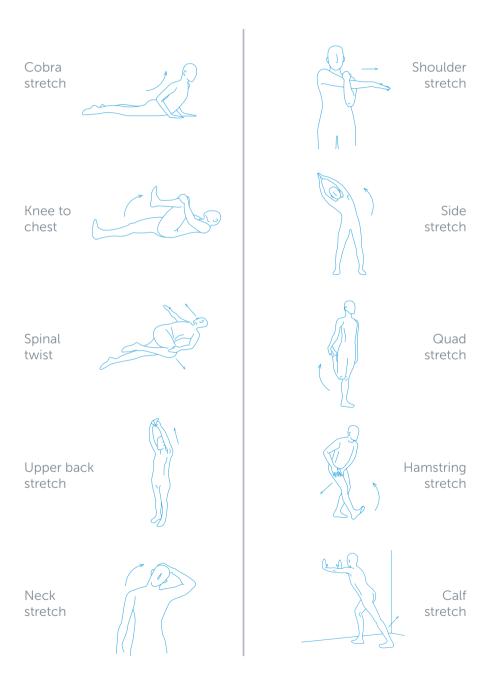

Morning Stretching

Stretching helps you to relax, increase your flexibility, reduce lower back pain, and manage many other health conditions.

Hold each stretch for 15-20 seconds and repeat each one two to three times, especially if your muscles and joints feel tight.

Dolce Far Niente

"The sweetness of doing nothing". Don't worry about work. Don't worry about the week to come. Just let your day flow.

Stop and smell the roses — or rather, the palo santo trees!

Walk along the beach, feel the sand between your toes, be aware of your senses, listen to the sea, smell the air... Be here now.

"Where I am right now is exactly where I need to be."

Goodness in Every Bite

Here at the Finch Bay, we invite you to savor the finest fresh food prepared by our passionate team of chefs, whether at breakfast, lunch or dinner. Fresh yoghurt and granola... tangy ceviche... lettuce and herbs from our very own chakrita vegetable garden... flapping fresh fish... seafood wonders... and plenty of vegan and vegetarian options, too (even our chocolate is healthy, promise!).

Flowing with the Chakrita

Chakrita is our very own, very unique organic garden, from which we source many of the ingredients on your plate. In order to optimize space, vegetables and herbs are planted vertically in small outcropping pockets of soil in openings along the sides of barrels. It's ecological and it's delicious.

Top Picks:

MIXED SALAD

A wonderfully fresh mesclum of seasonal vegetables, lettuce, all Chakrita herbs and plants, tossed in a citric mustard vinaigrette.

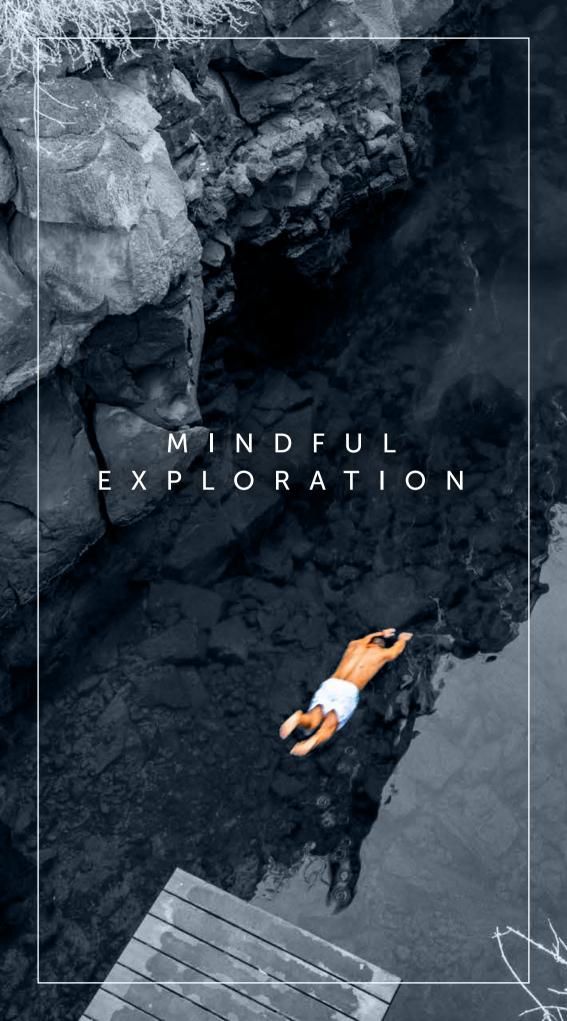

ECUADORIAN CEVICHE

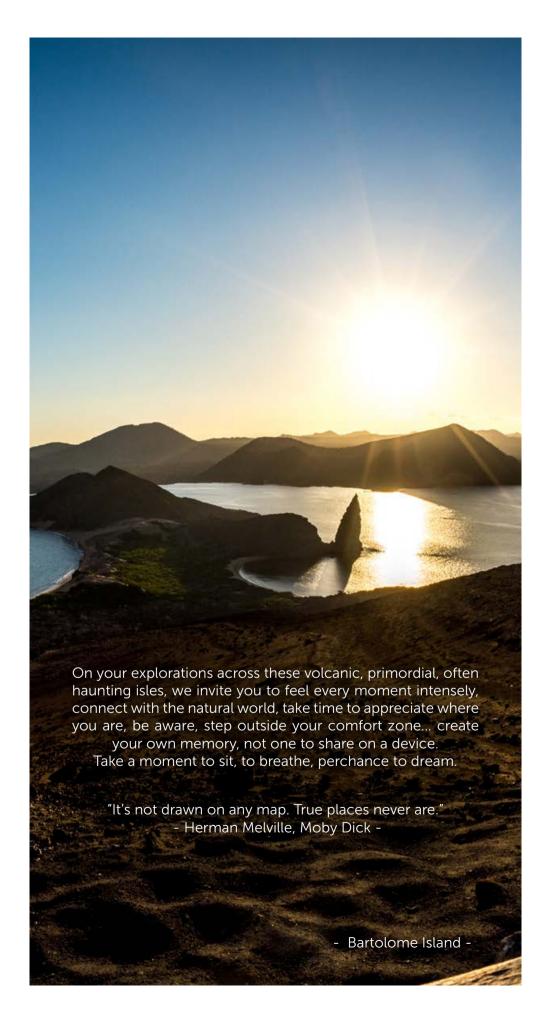

Ecuadorian Ceviche is among the best in the world. Don't miss this flavorful traditional dish from the coast, with octopus and fish.

REFRESHING LEMONADE

An uplifting, perfectly-mixed lemonade, infused with the aromas and flavors of two types of basil. Perfect at lunch or at the end of a day's exploring.

"We shall not cease from exploration, and the end of all our exploring will be to arrive where we started and know the place for the first time."

T. S. Eliot

We invite you to...

Sink into a siesta in your hammock.

Hit the pool, perhaps, with a good book, a fresh cocktail, a new perspective.

Bubble in the hot tub.

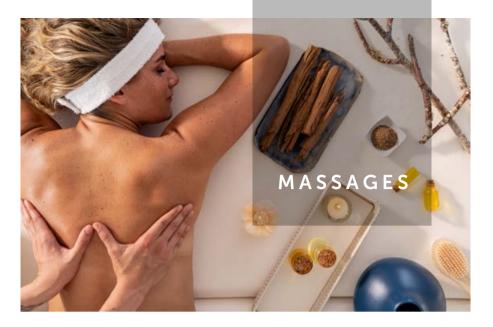

Lift some weights or go for a run in our (complimentary) gym.

Do some yoga with a view, upstairs in our spa.

Or enjoy a treatment in our spa...

Our Spa offers one single and one double therapy room. All of our treatments can be booked for two people.

SWEET FEET

This signature treatment is designed to awaken the connection between your inner self and the Earth, with gratitude and reverence.

After a refreshing Palo Santo wash, we exfoliate your feet using a local salt scrub. Palo Santo or 'holy tree' is native to the Galapagos Islands and can today be found across Ecuador. It is said to ground us in the present, calm our senses and promote positivity. It is also used to reduce inflammation and treat achy joints. A chocolate mask moisturizes your skin and adds a sweet note, after which you experience the ultimate foot massage to soothe your tired soles.

LAVA MEETS WATER

Inspired by the contrast of our dramatic landscapes and refreshing Galapagos waters, alternating hot volcanic and cool marble stones and massage techniques will warm as well as stimulate the muscles, increase overall circulation, and reduce tension and stress.

YOUR HEALTH

At the time of booking, please inform our staff of any health conditions or special needs you may have that could affect your treatment or hot tub experience.

Please ensure you stay hydrated during your spa experience. We do not recommend the consumption of alcohol for at least 2 hours before or directly after a spa treatment, fitness, yoga or hot tub session. Please note that you are not permitted to bring alcoholic beverages to the spa area.

PREGNANCY

Congratulations mom-to-be! Although some spa services may not be suitable if you are pregnant, we can adapt certain treatments to ensure you receive the relaxation and pampering you deserve. Spa treatments can offer several benefits during pregnancy, so do not hesitate to speak to our team, who can further advise you on the best treatment.

We do not recommend booking a treatment if you are within your first trimester.

CLOTHING

We recommend that you arrive at the spa in your bathrobe for treatments or to spend time in the hot tubs.

For the gym, please ensure you wear suitable clothing and footwear.

The most important thing we want for you is to feel as comfortable and as relaxed as possible during your treatment. Our therapists are trained in draping techniques to protect your modesty; conversely, should you feel more comfortable, you may wish to wear underwear. Please note that, given our environmental sustainability and responsibility policies, we do not offer disposable undergarments.

While we provide you with a box for safekeeping your items in the treatment room, we suggest that you instead leave valuables in the safety deposit box in your room.
